Mutual Fund under French law

UCITS governed by Directive 2009/65/EC supplemented by
Directive 2014/91/EU

P unit: FR0010832469

I unit: FR0010838722

R unit: FR0013294659

PM unit: FR0013462520

SECTION 1 – ASSETS AND UNITS

Article 1 – Joint-ownership units

The joint ownership rights are expressed as units, each unit corresponding to an identical share of the Fund's assets. Each unit holder is entitled to joint-ownership of the Fund's assets in proportion to the number of units held by each.

The Fund's term is 99 years from its launch, except in cases of early dissolution or of extension provided for in these regulations.

The features of the various classes of units and their access conditions are set out in the Fund's Prospectus.

The different unit classes may:

- . benefit from different income distribution arrangements (distribution or accumulation);
- . be denominated in different currencies;
- . bear different management fees;
- . be subject to different subscription and redemption fees;
- . have a different par value;
- . be combined with systematic hedging of risk, in full or in part, defined in the Prospectus. This hedging process is performed using financial instruments that reduce the impact of the hedging transactions for the Fund's other unit classes to a minimum;
- . be reserved for one or more promotion networks.

The units may be grouped or divided on the decision of the management company.

Units may be split on the decision of the management company in tenths, hundredths, thousandths or ten-thousandths, called fractions of units.

The provisions in the rules governing the issuing and redeeming of units shall also apply to fractions of a unit, the value of which will always be proportional

to that of the unit they represent. All other provisions regarding units shall automatically apply to fractions of a unit unless provisions state otherwise. Finally, the Management Company may, at its sole discretion, split units by creating new units to be allocated to unit holders in exchange for their existing units.

Article 2 – Minimum level of assets

Units may not be redeemed if the Fund's assets fall below EUR 300,000; where the assets remain below that amount for thirty days, the management company will take all the necessary measures to proceed with liquidation of the Fund concerned or to perform one of the transactions referred to in Article 411-16 of the AMF General Regulations (transfer of the UCITS).

Article 3 – Issuance and redemption of units

Units can be issued at any time at the request of the unit holders. They will be issued at their net asset value plus, where applicable, the subscription fee.

Redemptions and subscriptions are carried out under the conditions and according to the procedures defined in the Prospectus.

The Fund units may be listed for trading in accordance with current regulations.

Subscriptions must be paid up in full on the day of the net asset value calculation. They may be paid in cash and/or financial instruments. The management company may turn down the securities offered and must announce its decision within seven days. If accepted, contributed securities shall be valued according to the rules set out in Article 4 and the subscription shall take place based on the first net asset valuation following the acceptance of the securities concerned.

Redemptions are carried out exclusively in cash, except in the case of liquidation of the Fund when the unit holders have notified their consent to be reimbursed in the form of securities. They shall be settled by the issuing account holder within a maximum period of five days following the unit's valuation. In exceptional circumstances, however, this period may be extended if redemption requires prior liquidation of Fund assets, but it may not exceed 30 days.

Except in the event of succession or gift with distribution, the disposal or transfer of units between holders, or from holders to a third party, is comparable to redemption followed by subscription; if a third party is involved, the amount of the disposal or the transfer must, if applicable, be made up by the beneficiary in order to reach the minimum subscription level required by the prospectus.

Pursuant to Article L. 214-8-7 of the French Monetary and Financial Code, the redemption of units by the Fund, like the issuance of new units, may be temporarily suspended by the management company when exceptional circumstances require it and the interest of the unitholders demands it.

When the net asset value of the Fund is lower than the amount specified by the regulations, no further units may be redeemed.

Pursuant to Articles L.214-8-7 of the French Monetary and Financial Code and 411-20-1 of the AMF General Regulation, the management company may decide to cap redemptions when exceptional circumstances require this and if the interest of unitholders or the public demands this.

The mechanism may be triggered by the management company as soon as a threshold (net redemption divided by net assets) predefined in the prospectus is reached. If liquidity conditions permit, the management company may decide not to trigger the redemption capping mechanism, and therefore to honour redemptions above this threshold.

The maximum duration of application of the redemption capping mechanism depends on the frequency of calculation of the Fund's net asset value, and is determined in the Prospectus.

Those redemption requests not executed on a net asset value will be automatically deferred to the next centralisation date. The Fund may specify minimum subscription conditions, the terms or which are set out in the prospectus.

The Fund may cease to issue units, partially or completely, temporarily or permanently, pursuant to Sub-article 3 of Article L.L. 214-8-7 of the French Monetary and Financial Code, in objective situations entailing the closure of subscriptions, such as a maximum number of units issued, a maximum asset value reached, or the expiry of a determined subscription period. In order to trigger this mechanism, the Fund must inform existing unit holders via any means about its implementation, as well as the threshold and the objective situation leading to the decision to partially or completely close subscriptions. Should there be a partial closure, this information provided via any means must explicitly state the procedures that existing unit holders may use to be able to continue subscribing during this partial closure. The unit holders will be also informed via any means about the Fund's or the Management Company's decision to either end a complete or partial closure of subscriptions (falling below the trigger threshold), or to not end them (in the event of a change in the threshold or an amendment to the objective situation leading to this mechanism being implemented). An amendment to the objective situation invoked or to the triggering threshold for the mechanism must always be made

in the interests of unit holders. The information provided by any means specifies the exact reasons for these amendments.

Restrictions on the holding of Fund units:

The management company may limit or prevent the direct or indirect holding of units in the Fund by any person who is a "Non-Eligible Person" as defined herein below.

A Non-Eligible Person is:

- a "U.S. Person"⁽¹⁾, within the meaning of the Dodd-Frank Act, as defined by the U.S. Regulation S of the Securities and Exchange Commission ("SEC"); or
- any other person (a) deemed to be directly or indirectly in violation of the laws and regulations of any country or any government authority, or (b) who could, in the opinion of the Fund's Management Company, cause damage to the Fund that it would not have otherwise suffered or incurred.

To this end, the Fund's management company may:

- (i) refuse to issue any unit if it deems that, as a result of such issuance, said units would or could be held directly or indirectly by or on behalf of a Non-Eligible Person;
- (ii) at any time, request that a person or entity whose name is listed in the unitholders' register provide it with information, accompanied by a statement to that effect, that it would deem necessary for the purposes of determining whether the actual beneficiary of the units is a Non-Eligible Person or not; and
- (iii) carry out, within a reasonable timeframe, a compulsory redemption of all units held by a unitholder if it seems that the latter is (a) a Non-Eligible Person and (b) such person is the sole or joint beneficiary of the units. During such timeframe, the actual beneficiary of the units may submit their comments to the competent body.

Compulsory repurchase will be carried out at the last known net asset value, minus where appropriate, the applicable fees, charges and commission, which will be payable by the Non-Eligible Person.

⁽¹⁾ The definition of a "U.S. Person" can be found in the legal notices on the Management Company's website: www.cpram.com or in the Fund's prospectus.

Article 4 – Calculation of the net asset value

The net asset value of the units is calculated in accordance with the valuation rules set out in the prospectus.

Contributions in kind may only comprise the stock, securities or contracts authorised to make up the assets of UCITS; they are valued according to the valuation rules applicable to the net asset value.

SECTION 2 – FUND OPERATIONS

Article 5 – Management company

The Fund is managed by the Management Company in accordance with the guidelines defined for the Fund.

The management company will, at all times, act on behalf of the unitholders and it alone is entitled to exercise the voting rights attached to the Fund units.

Article 5a – Operating rules

The instruments and deposits eligible to form part of the UCITS's assets are described in the prospectus, as are the investment rules.

Article 5b – Listing for trading on a regulated market and/or multilateral trading facility

Units may be listed for trading on a regulated market and/or multilateral trading facility in accordance with prevailing regulations. If the Fund whose units are listed for trading on a regulated market has a management objective based on an index, the Fund shall have set up a mechanism to ensure that the price of its units does not significantly differ from its net asset value.

Article 6 – Depositary

The Depositary performs the duties entrusted thereto by the legal and regulatory provisions in force and those contractually entrusted to it by the Management Company. It must ensure that decisions taken by the Management Company are lawful. It shall take any prudential measures that it deems useful, as necessary.

In the event of any dispute with the management company, it notifies the Autorité des Marchés Financiers.

If the Fund is a feeder UCITS, the Depositary has entered into an information exchange agreement with the Depositary of the master UCI, or has drawn up appropriate specifications, where applicable, when they are also the master UCI's depositary.

Article 7 – Statutory Auditor

The governing body of the management company appoints a Statutory Auditor for a term of six financial years, after obtaining the agreement of the French Market Regulator (AMF).

The Auditor certifies the regularity and genuineness of the accounts.

The Statutory Auditor's appointment may be renewed.

The Statutory Auditor is required to notify, as soon as practicable, the French Market Regulator (AMF) of any fact or decision concerning the undertaking for collective investments in transferable securities of which the Independent Auditor has become aware in the performance of the audit and that might:

1. Constitute a violation of the legal or regulatory provisions applicable to such undertaking and that may have a material effect on its financial position, earnings or assets;
2. Adversely affect the conditions or the continuity of its operations;
3. Result in the Statutory Auditor expressing a qualified opinion or refusing to certify the accounts.

Asset valuations and the determination of exchange rates used in currency conversions, mergers or demergers shall be audited by the Statutory Auditor.

The Statutory Auditor appraises any contribution in kind under its responsibility.

The Statutory Auditor reviews the composition of the assets and other items prior to publication.

The Statutory Auditor's fees shall be set by mutual agreement between the former and the governing body of the management company in accordance with a work programme specifying the measures deemed necessary.

The Statutory Auditor shall certify the circumstances underlying any interim distributions.

If the Fund is a feeder UCITS:

- The Statutory Auditor has entered into an information exchange agreement with the Statutory Auditor of the master UCI.
- Where they are also the master UCI's Statutory Auditor, they have drawn up an appropriate work programme.

Its fees are included in the management fees.

Article 8 – Management report and accounts

At the end of each financial year, the management company shall prepare the summary documents and shall draw up a report on the Fund's management during the year then ended.

The management company shall draw up an inventory of the UCI's assets at least twice every year, audited by the Depositary.

The management company holds these documents for consultation by the unitholders for a period of four months from the end of the financial year and informs them of their income entitlement: these documents are either sent by post at the express request of unitholders, or made available to them at the management company.

SECTION 3 – ALLOCATION OF DISTRIBUTABLE SUMS

Article 9 – Allocation of distributable sums

Distributable sums are made up of:

1. The net profit plus any amounts carried forward and plus/minus the balance of income accruals;
2. The realised capital gains, net of costs, minus losses made, net of costs, established during the financial year, plus net capital gains of the same nature established during previous financial years not having formed the subject of distribution or capitalisation, and minus or plus the balance of the appreciation accrual account.

The sums mentioned in points 1 and 2 may be distributed, in full or in part, independently from each other.

Distributable sums are paid out within a maximum of 5 months following the financial year-end.

The Fund's net profit is equal to the sum of interest income, arrears, dividends, bonuses and awards, plus all other income from the securities in the Fund's portfolio temporarily available, and less management fees, any amortisation charges and interest on loans.

The management company determines the allocation of the distributable sums.

As stipulated in the prospectus, for each unit category, where applicable, the Fund adopts one of the following formulas for each of the sums mentioned under 1 and 2 above:

. The Fund has opted for the pure accumulation method.

Accordingly, the net profit/realised net gains is/are accumulated in its/their entirety every year, with the exception of the income or gains that must be distributed by law.

. The Fund has opted for the pure distribution method.

As a result, the Fund distributes in their entirety its net income/net realised gains every year, as rounded off, within five months after the annual accounts are closed.

During the period, the Management Company may decide to make one or more interim payments within the limits of either net income recognised or net capital gains realised as at the date of the decision.

. The Fund reserves the option to wholly or partially accumulate and/or distribute its net profit/net realised capital gains and/or to carry forward any distributable amounts.

The management company shall decide each year how to allocate the net profit/realised net capital gains.

In the event of a partial or full distribution, the management company may decide to distribute one or more advances of either the net income recorded or the net gains realised as at the date of the decision.

SECTION 4 – MERGER – DEMERGER – DISSOLUTION – LIQUIDATION

Article 10 – Merger – Demerger

The management company may either transfer all or some of the Fund assets into another UCI it manages, or split the Fund into two or more other mutual funds, which it shall then manage.

These merger or demerger transactions can only be carried out after the unit holders have been informed.

After each transaction, new certificates will be issued stating the number of units held by each unit holder.

Article 11 – Dissolution – Extension

If the level of the Fund's assets remains below the level specified in Article 2 above for a period of thirty days, the management company shall inform the French Financial Markets Authority (AMF) and shall dissolve the Fund, except in the event of a merger with another mutual fund.

The management company may dissolve the Fund in advance; it must inform the unitholders of its decision and, as of that date, no new applications for subscription or redemption shall be accepted.

The management company may also dissolve the Fund if it receives an application to redeem all of its assets, if the Depositary ceases to operate and no other Depositary has been appointed, or on expiry of its term, if it is not extended.

The Management Company shall inform the French Financial Markets Authority by mail of the dissolution date and procedures chosen. It will then send the Statutory Auditors' report to the French Financial Markets Authority.

The Management Company may decide, with the Depositary's consent, to extend the Fund's term. The decision shall be taken at least 3 months before the Fund's scheduled expiry date, and made known to the unit holders and to the French Financial Markets Authority.

Article 12 – Liquidation

In the case of dissolution, the management company or the person appointed to this end is responsible for liquidation operations, failing which the liquidator shall be appointed by the court at the request of any interested party. They shall therefore be vested with extensive powers to realise the assets, pay any potential creditors, and distribute the available balance between the unit holders, in the form of either cash or securities.

The Auditor and the Depositary shall continue in office until all liquidation transactions have been completed.

SECTION 5 – DISPUTES

Article 13 – Jurisdiction – Address for service

Any dispute arising in relation to the Fund before its expiry or at the time of its liquidation, whether among unitholders or between unitholders and the management company or the Depositary, shall be brought before the competent courts.
